AI-Powered Business Software Solutions

Consultative Solution Fit

Choose the right billing and business growth setup for your business stage.

Smart Billing Lite

Best fit for	Small shops, service providers, early-stage businesses.
Problems it solves	Manual billing, payment tracking, udhaar, customer follow-up.
Compared to traditional/ generic solutions	A modern, organized upgrade from calculator, register or manual methods.
Growth & Revenue Value	**Faster billing, better collections, repeat customers, simple insights.**

Smart Billing Pro

Best fit for	Growing stores, multi-counter or expanding retail businesses.
Problems it solves	Advanced billing, POS, inventory, CRM, team operations.
Compared to traditional/ generic solutions	A single, integrated system instead of scattered software or manual operations.
Growth & Revenue Value	**More control, higher efficiency, better retention, smarter decisions.**

Business Website Add-On

Best fit for	Businesses needing online visibility (shops, service providers, retailers, etc.).
Problems it solves	Low discovery and missing online presence.
Compared to traditional/ generic solutions	A stronger, professional presence than only offline business or social-only presence.
Growth & Revenue Value	**More enquiries, wider local reach, stronger brand trust.**

Faster Operations | **Better Collections** | **Stronger Customer Retention** | **More Business Visibility**
